Color tiles intended for reference only.

Color Code Description

	0	White
	96	KOHLER Biscuit

Note: Right end wall is the same as left end wall, only mirrored.
 Backer board locations

Technical Information

All product dimensions are nominal.

Installation: 3-Wall Alcove

Drain location: Center

Minimum flat for door: 3-1/8" (80 mm)

Threshold height: 1/2" (13 mm)

Notes

Install this product according to the installation instructions.

Backer boards and fasteners protrude beyond the back wall 1-1/2" (38 mm). If installing this product against wall board, 1-1/2" (38 mm) furring strips installed over the wall board are recommended. The stud pocket depth of 40-5/8" (1032 mm) will need to be increased by the combined thickness of the wall board and furring strips.

1/2" minimum finished floor thickness required.

Studs should be positioned as shown.

Attach grab bars at the specified backer board locations only.

Drain cutout in subfloor to be 10-1/2" (267 mm) per rough-in illustration as shown to allow the backside of the drain to sit below the subfloor surface.
