

model 1011HPSMS

Barrier-Free Dual Wall Mount Fountain

FEATURES & BENEFITS

CONSTRUCTION

18 gauge Type 304 stainless Steel swirl design bowl, 14 gauge Type 304 Stainless Steel bracket, and a vandal-resistant bottom plate provides a long lasting unit with added peace of mind.

QUALITY CONTROL

Both fountains are pre-built and fully water and pressure tested to ensure proper functionality.

MOUNTING

Galvanized frame and 10 gauge surface plate provide the maximum mounting strength for the 'Hi-Lo' MS style Haws drinking fountains.

BUBBLER HEAD

Polished chrome-plated brass bubbler head with integral laminar flow prevents splashing while providing a superior flow pattern. The integral basin shank and inserted roll pin add vandal resistance strength. Shielded, angled stream opening provides a steady, sanitary source of drinking water at .45 gpm.

PUSH BUTTON VALVE

The push-button activated valve assembly allows for front access stream adjustment as well as cartridge and strainer access. The valve works at an operating pressure range of 30 to 90 psi (2.1 to 6.2 bar).

SPECIFICATIONS

Model 1011HPSMS "Hi-Lo" wall mounted barrier-free drinking fountain shall include dual 18 gauge Type 304 high-polished stainless steel finish basins with integral swirl design, 14 gauge Type 304 high-polished stainless steel wall bracket, 100% lead-free waterways, push-button operated stainless steel valves with front-accessible cartridge and flow adjustment, polished chrome-plated brass vandal-resistant bubbler heads with integral laminar anti-squirt flow, chrome-plated brass vandal-resistant waste strainers, vandal-resistant bottom plates, high-polished stainless steel finish back and access panels allowing for front access of P-trap and stop, in-wall mounting frame, high and low fountain mounting levels, and 1-1/4" O.D. (3.2 cm) waste pipes. REQUIRES MODEL MTGFR.DF2 PRICED SEPARATELY.

OPTIONS

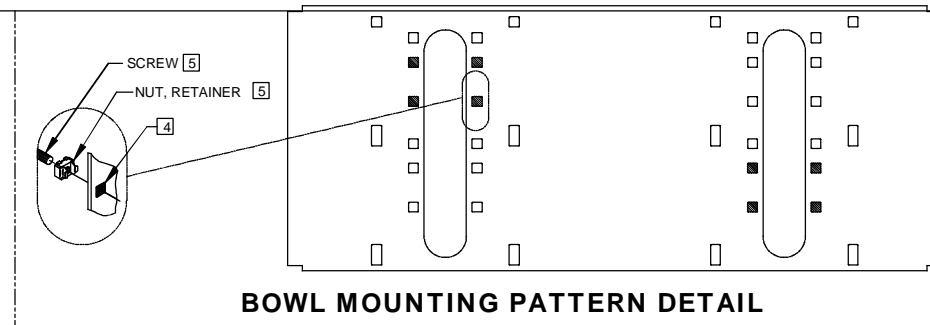

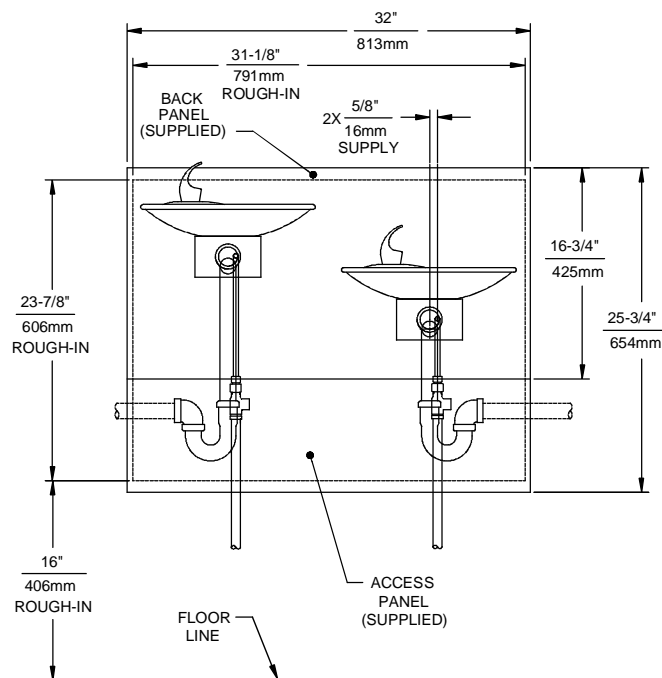

- ☐ Fountain Skirt: Model SK3HPS, high polished stainless steel cane touch skirt for installation on high unit in some applications that may need to comply with ADA protruding objects guidelines.
- ☐ Water Filter: Model 6426, 10" x 2" (25.4 x 5.1 cm), in-line lead removal element that reduces lead from incoming water supply.
- ☐ Remote Drinking Fountain Water chiller: Model HCR8, 8 gph (30.3 L) remote water chiller provides instantaneous cooling to meet a continuous demand for chilled water.
- ☐ High Polished Bottle Filler: Model 1920HPS, polished stainless steel bottle filler can be a stand-alone station, or mounted above Haws 1001HPS and 1011HPS series drinking fountain models.

For more information, visit www.hawsc.com or call (888) 640-4297.

APPLICATIONS

Perfect for either public or private indoor/outdoor settings, Model 1011HPSMS is a great fit in areas where aesthetics are important to the overall appeal of the architecture. This series is precisely mounted, making it a nice addition to any surrounding. Beautiful high-polished finish helps to maintain the fountains overall appeal so it always remains looking as new as it did when it was installed. Specifically, this type of wall mounted drinking fountain may be placed in settings such as: schools and other locations in and around office buildings where the temperature remains above freezing. Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act. Haws manufactures drinking fountains and electric water coolers to be lead-free by all known definitions including NSF/ANSI Standard 61, Section 9, NSF/ANSI 372, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006) as evaluated by CSA International.
