

model **6275**  
Faucet Valve

## FEATURES & BENEFITS

### FAUCET

Chrome-plated brass stay open faucet uses a 3/4" (1.9 cm) hose end that is protected with a vacuum breaker to provide a dependable source of water.

## OPTIONS

For more information, visit [www.hawsc.com](http://www.hawsc.com) or call (888) 640-4297.

## SPECIFICATIONS

Model 6275 compression hose bib faucet is designed to activate through a turn knob on the top of the unit. Connection is 3/4" male hose thread x 1/2" NPT inlet.

## APPLICATIONS

Perfect for either public or private indoor/outdoor settings, the 6275 is a great fit in areas where a hose may need to be hooked up for a more powerful water source. Specifically, this type of horizontally mounted bib faucet may be placed in settings such as: schools, campgrounds, laboratories, classrooms, restaurants, pool or beach areas, and other facilities where the need for a source of water is present.
