

## Elmhurst™ Kitchen Collection

### Elegance. Without Overstatement

When we designed the Elmhurst collection, we set out to create something traditional, yet subtle—a family of products that would be perfect for a wide range of decors. The result is a family of products that's unmistakably nostalgic, but never old-fashioned.

There's an Elmhurst model for nearly every application, so it's easy to carry its one-of-a-kind look through the entire home.

## Elmhurst™ Bath Collection

### Traditional aesthetic. Today's sensibilities.

There's something nostalgic about our new Elmhurst collection. And yet, you'd never call it old fashioned. Perhaps that's why it's perfect for such a wide range of applications.

There's an Elmhurst model for nearly every application, it's easy to carry its one-of-a-kind look through the entire home.
