PolarPad™ Heavy Duty HVAC Pads

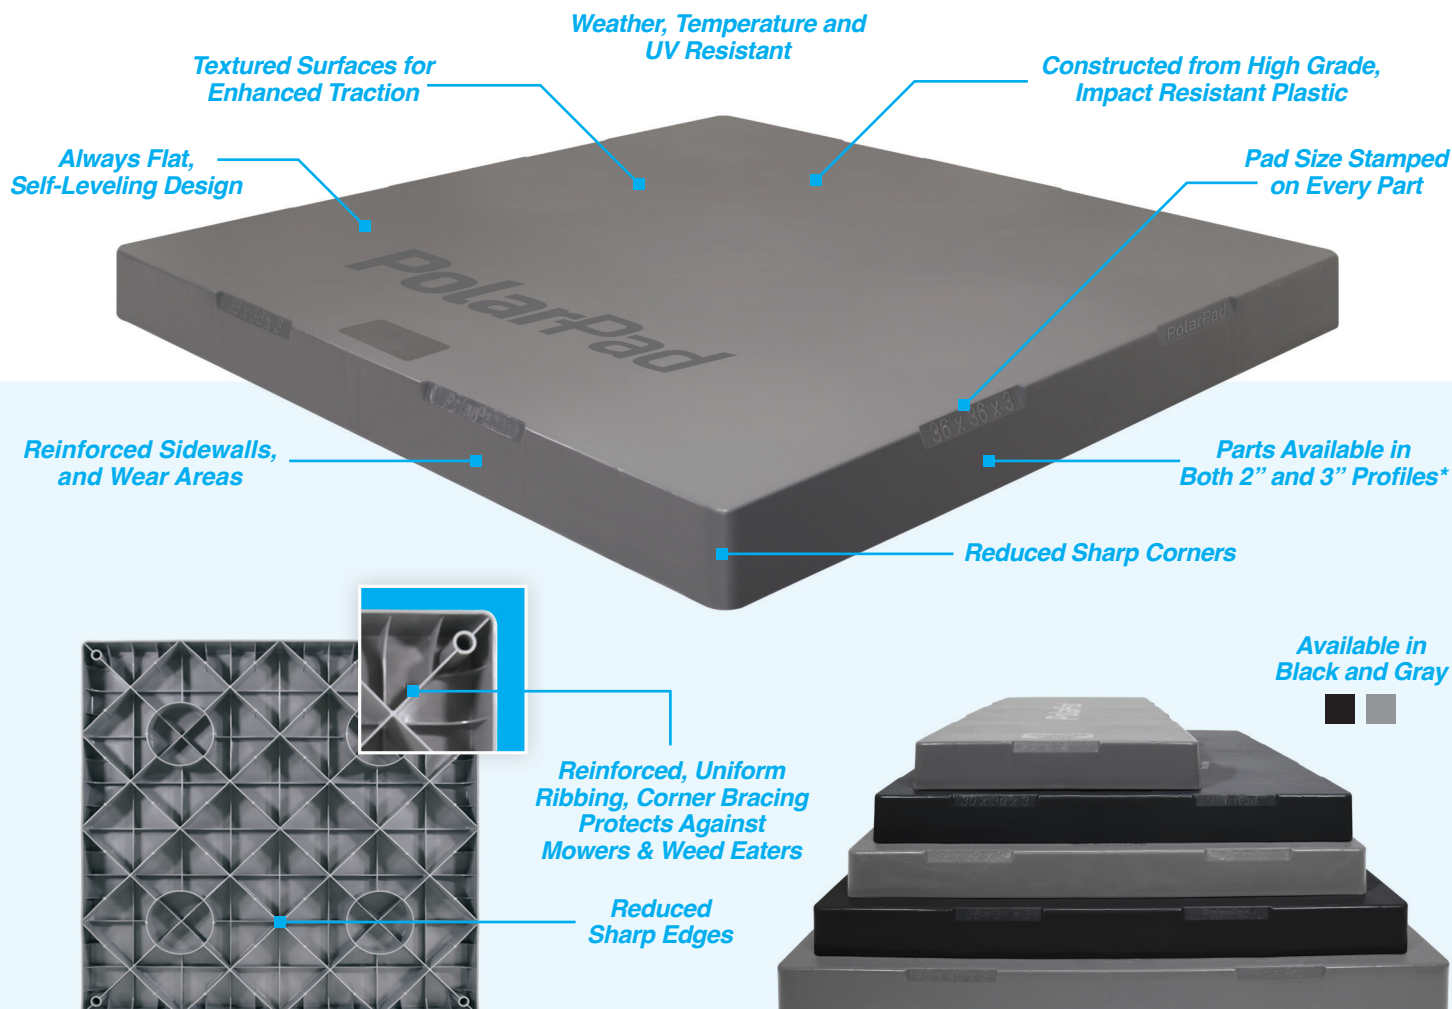

PolarPad™

Condenser installations begin better with PolarPad. The PolarPad is a plastic pad engineered and designed as a base for HVAC equipment. The plastic pad is injection molded from high density polyethylene (HDPE), which is durable, strong, and lightweight. The unique design has strong uniform ribbing along the underside. The pad is molded with a texture along the top, and rounded edges on the sides to give a clean concrete look and feel.

The PolarPad is best used as a base for light, ground supported equipment such as air conditioning condensers, swimming pool filters, and heat pumps. Pads must be fully supported across the bottom, and set on compacted soil, hard surface, or gravel.

Features & Benefits

- Strong, Durable & Impact Resistant
- Engineered & Designed to Resist Cracking, Breaking & Warping
- Supports Over 40 lbs / sq ft
- Reinforced, Uniform Ribbing
- Lightweight, Easy to Handle
- One Person Installation, No Additional Equipment Required
- ASTM Standards
- Resistant to Oils, Refrigerants & Canine Urine
- In Stock & Ready to Ship

Start Strong with PolarPad

Condenser pads are too often an afterthought when it's time to install a new unit, but they shouldn't be. They are literally the first part of any installation, and those installations begin better when they begin with a PolarPad. Why? Three reasons: 1) The PolarPad lasts longer, 2) The PolarPad lays flatter, and 3) The PolarPad is lighter to carry... but that's just the tip of the iceberg.

The PolarPad Difference			
Strong	✓	Self-Leveling	✓
Lightweight	✓	Resists Cracking	✓
UV Resistance	✓	Virgin Material	✓
Cold Weather Resistance	✓	Made with Polyethylene	✓
Impact Resistance	✓	Always a Flat Part	✓
Reinforced Sidewalls	✓	Consistent Availability, Lead Times	✓
Long Lifespan	✓	Consistent Coloring	✓

Multiple Sizes, Profiles

Model	Size: W x L x H (in)	Weight (lbs)	Maximum Load (lbs)	Pallet Quantity
POLAR3030-2	30 x 30 x 2	8.6	1250**	23
POLAR3232-2	32 x 32 x 2	9.7	1480**	23
POLAR3636-2	36 x 36 x 2	12.3	1540**	23
POLAR1838-3	18 x 38 x 3	18.9	1250**	32
POLAR2424-3	24 x 24 x 3	7.4	1260**	64
POLAR2436-3	24 x 36 x 3	11.0	1300**	32
POLAR2448-3	24 x 48 x 3	13.6	1400**	32
POLAR3030-3	30 x 30 x 3	12.4	1300**	16
POLAR3232-3	32 x 32 x 3	13.0	1440**	16
POLAR3636-3	36 x 36 x 3	16.1	1500**	16
POLAR3654-3*	36 x 54 x 3	TBD	TBD	TBD
POLAR3842-3	38 x 42 x 3	18.2	1700**	16
POLAR4040-3	40 x 40 x 3	18.0	1710**	16
POLAR4558-3*	45 x 58 x 3	TBD	TBD	TBD
POLAR4848-3*	48 x 48 x 3	TBD	TBD	TBD
POLAR5252-3*	52 x 52 x 3	TBD	TBD	TBD

*Additional "Package Unit" sizes will be available for Spring of 2024

Disclaimer: **Load should be distributed evenly across pad surface to give maximum allowable load rating.

Exclusions or Limitations: PolarPad equipment pads are designed and manufactured to be used as bases or light, ground supported equipment such as air conditioning condensers, swimming pool filters and heat pumps. Use of PolarPad pads for purposes other than those listed above or improper installation of PolarPad pads may result in pad failure. DuraPlas disclaims any liability due to such misuses or improper installation.

Providing Innovative Plastic Solutions Across Multiple Industries

THERE'S A LOT TO A NAME...

A lot can happen in 50 years. When Vic Sahm developed his first plastic feed wheel in 1970, DuraPlas was born. He may never have dreamed that over 50 years later his company would be the global provider of durable plastic products that it is today.

Some of you may know us as Southwest Agri-Plastics, as an innovator in the poultry, swine, horticulture and livestock feed industries. Others may recognize the name Maxi-Lift, for our maximum duty elevator buckets, belting and hardware that move the world's agricultural and industrial products to market. Still others know us for our petroleum pipeline stands, cargo accessories or warehouse rack protectors. Whether it's agriculture, industrial, energy or global logistics, wherever extreme duty plastic products are found, you will find the name DuraPlas.

As we move forward into the next 50 years of innovation, the time has come to bring all of the brands you know and trust under one name, the original name - DuraPlas. Our promise to you is that nothing has changed. From our elevator buckets to our dog kennel flooring, our quality and commitment remain the same. Our family looks forward to serving you in the years ahead.
