

Features :

1. Connecting swage valve to tube at a 90 degree angle without the need for brazing.
2. Excellent application for limited spaces between unit (swage valve) and tube.
3. Positioning strip aligns all components for easy insertion fitting onto swage valve and tube.
4. Compatible with all refrigerant gases.
5. No limit on pressure and temperature range due to metal to metal sealing technology.
6. Over torque prevention design.
7. Material : Aluminum alloy
8. Color : Red
