

DDS-60U-GFCI-20A

PRODUCT

DDS-60U-GFCI-20A Non-fused Disconnect

APPLICATION

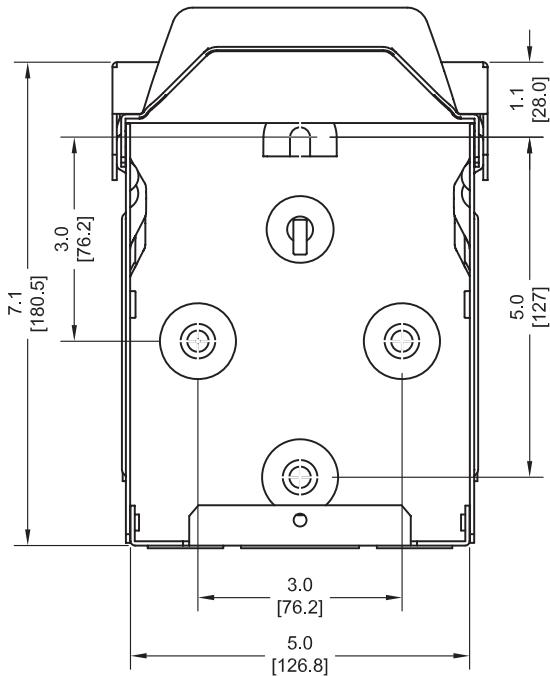

DiversiTech's DDS-60U-GFCI-20A is a 60 amp non-fused disconnect with a 20-amp GFCI protected duplex outlet installed. It provides a compact solution that satisfies the requirement for a protected outlet in the same room or within 25 feet of service equipment.

FEATURES

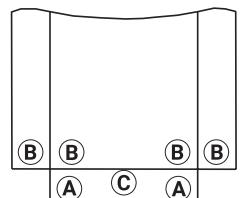

- Durable polyester powder coat finish resists chipping and fading
- Weather resistant and tamper resistant GFCI receptacles
- NEMA 3R weatherproof enclosure
- Compact design saves space
- Pre-assembled enclosure reduces installation time
- Padlock provision helps prevent unauthorized access
- Rolled edge door provides extra cord protection
