

Veil®
In-wall tank & carrier Veil® Intelligent
K-18647

Features

- Robust steel tube frame.
- Insulated tank to prevent sweating.
- Large flush actuator plate opening can be removed for easy access to the inner tank.
- Adjustable height allows the bowl to be set anywhere from 15" to 23" from floor.
- Dual-flush actuator offers a choice of 0.8 or 1.6 gallons per flush (gpf).
- Requires K-76395 Veil Intelligent wall-hung toilet (sold separately).

Technology

- Dual-flush technology allows you to choose between a full- or partial-flush.

Installation

- Durable steel frame carrier is installed on either 2"x4" or 2"x6" studs behind the wall. See installation guide for more detailed information.
- When installed per KOHLER's installation instructions, the KOHLER in-wall tank and carrier system can support up to 880 lbs. without damage.
- Supply line not included.

Water Conservation & Rebates

- Complete Veil Intelligent toilet system meets WaterSense® requirements.
- WaterSense® toilets meet strict EPA flushing guidelines, including using at least 20 percent less water than 1.6-gallon toilets.
- Eligible for consumer rebates in some municipalities.
